

Dear String Player,

It is September again and we here at Ayres Violins have been very busy getting ready for the playing season.

Located in Didsbury, our music room houses an extensive range of violins, violas, cellos and bows. All work - from minor repairs, adjustments and bow rehairs, to complete restorations and the making of new instruments - is carried out in our workshop by our skilled and experienced team led by violin makers Paul and Dave. We hold a comprehensive stock of strings, accessories (chinrests, shoulder rests, mutes, rosin), and instrument cases.

For more information including a comprehensive list of our violin, viola, cello and bow stock, please visit our website

[Ayres Violins, Violin Makers, Dealers, Repairers and Restorers, Manchester, UK](http://www.ayresviolins.co.uk)

We look forward to seeing you!
